

ROMA PHOTO ACTION “STAND TOGETHER AGAINST HATE”

Join Amnesty International's photo action [Stand Together against Hate](#)

We are asking people to take a stance against anti-Roma violence, segregation and hate by joining our photo action and telling European leaders that we are all equal in dignity and rights!

IT'S VERY SIMPLE AND FUN

You just need to take a photo and post it on [Tumblr](#)

Our moderator will approve the photos which will then appear on the page.

In the photos, we would like to capture how we can counter hate with something positive. It would therefore be great if the heart visual featured in all photos (cut-outs or drawn on your hand)!

Have a look at some of our examples below. Photos can be of you on your own with a group of people who “stand together against hate”!
